Comments: (If possible, please reference section number and/or page number in document if applicable.)

1

I am not convinced that containers
for transporting nuclear waste will always meet
standards and not leak. Who will be responsible
for overseeing the quality of containers?

Please note: For your comment(s) to be considered in the Final Environmental Impact Statement, your comment(s) need to be received by the Department of Energy by February 9, 2000. To the extent practicable the Department will consider comments received after February 9.

Please feel free to attach additional pages; more postage may be needed. If you prefer to mail your comments, you may use the back side of this sheet as a postage-paid, self-mailer. To do so, fold in thirds along the dotted line so address and postage-paid notice are visible; then secure with tape.
